GAZETTEER

1. A Roman coin was reported in 1995 from the re-development site at the corner of Bulk Road and Parliament Street, Lancaster. It is a rather worn copper-issue of the reign of Constantine I from the Trier-mint (A.D. 324-330; LRBC I.15).

Obv. FL IVL CRISPVS NOB CAES.

Rev. PROVIDENTIAE CAESS.

NOTE:

The two figs of Lentworth Mill on page 52, overleaf, were published in *Contrebis* Vol. 19, page 95 and have been reproduced again at a larger scale to improve their clarity.
